

Did you know?

- Almost all ears of corn have an even number of rows. [1]
- Ripe cranberries will bounce like a rubber ball. [2]
- One handful of soil has more living organisms in it than there are people on earth. [3]

- Washington state has nearly 40,000 farms producing 300 different products. [4]

- Washington state is the #1 producer of apples, which are part of the rose family. [5]

- Chickens can make over 200 different sounds to communicate with each other. [6]

King County Statistics

- Less than 1/3 of students in King County eat the recommended servings of fruits and vegetables per day [7]
- Only 26% of King County youth achieve the recommended amount of daily physical activity [7]
- Youth of color face more negative health outcomes than those in other groups [7]
