Notes:

- Courses and timing are subject to change.
- Use this handout in conjunction with your official degree audit and guidance from NSP Student and Academic Services.
- MPH students must complete a minimum of 63 credits.
- GCPD students complete the required MPH Practicum, NUTR 595, by way of the NUTR 561 Practice Experience.
- All graduate students complete either a practice-based capstone with mentorship from a faculty instructor and a community partner or a research-based thesis under the direction of a faculty thesis chair and committee. This handout presumes you will be completing NUTR 596 Nutrition Practice Capstone as your culminating experience requirement. Decisions to pursue the capstone or thesis are typically made in winter and spring of year 1.
